

April 2018 Muskie Inc. Newsletter

The monthly meeting of Between the Lakes Chapter 20 of Muskies Inc. will be April 12th at Bummy's Haus in Howards Grove. The meeting will start at 6:30.

Our new fish biologist, Addie Dutton will be at our meeting to meet everybody & have some reports on how the net survey on Random Lake is going. They have had to put up with some real challenging weather. About the time when the weather should be warming up, it's doing just the opposite. Maybe we can find out a little more about the pit tag readers also.

We should have a good idea at the meeting on how our banquet did. If you have not gotten a ticket please get a hold of Kevin Rortvedt 920-602-1419 or Lorie Place 920-459-8575. We have a great prize lineup this year. Set up is Monday night at around 5:00pm.

The plans for the Turning Leaf Challenge in Eagle River at Wild Eagle Lodge on Oct. 19th-21, are set. We should have sign up sheets at the banquet. Also let Kevin Rortvedt know if you want to be a guide.

This year we are hosting the Kleeba Challenge on Pelican Lake north of Antigo. If you would like to participate let Kevin know.

Fishing league starts next month. Damion would like someone to help or take it over.

Random Lake High School is putting on a Conservation Fair Sat. April 14th from 11 to 3 at the high & middle school. This is quite large & are having seminars & displays. I am setting up a table representing our Musky club. Here is their website
<http://www.randomlakeconservationfair.com/>

See you at the banquet,

Mike Scholler
